Chigwell Community Garden Funding

The RACT has a proud record of supporting Tasmanian Community Projects and, together with RACT Insurance, RACT has funded the Bucaan Community House \$700. The grant will assist with catering for events and the purchase of seedlings, mulch and garden materials for the Chigwell Community Garden project. The community garden is located at Karambi

Street and runs every Tuesday from 10 am to 2pm including a free community BBQ at 12pm. If you would like more information on the garden, call Linda on 6249 5363.

We would also like to thank Andrew Wilkie MP for his on-going sponsorship of the community meals at Bucaan Community House.

Youth Group funding

Bucaan Community House has been successful in its grant application to Tasmanian Community Fund to run a Youth Program over two years. Joel Imber, of Create Crew will facilitate the project and is currently planning the delivery of arts-based youth workshops and exhibitions. **Follow the Bucaan Community House Facebook page for start date and more information.**

“Nearly half of all Tasmanians struggle with reading, writing and maths”

26TEN is a network of organisations and individuals working together to improve adult literacy and numeracy in Tasmania. Bucaan Community House staff and volunteers will attend a workshop to learn how to support people in our community to build their literacy skills.

The training will focus on how to communicate clearly, using plain English in forms, signs and other documents and how to use images instead of words. Staff and volunteers will also learn how to know when a person may be struggling with reading, writing and maths and how to take steps to support someone to raise their skill levels. If you would like to attend the workshop and become a 26TEN volunteer, please contact Linda on 6249 5363 for more information.
